## **EQUIPMENT CERTIFICATION**

<b>Equipment:</b>	<b>(1) Set of Bail Link Extensions</b>
<b>Manufacturer:</b>	<b>J &amp; L</b>
<b>Model:</b>	<b>2<sup>3</sup>/<sub>4</sub>" x 68" DH250</b>
<b>Capacity:</b>	<b>250 Ton/Set</b>
<b>Serial Number:</b>	<b>1203701 and 1203702</b>

The above bail link extensions were examined in detail on March 25, 2019 at Maple Leaf Consulting's shop. Magnetic particle and/or visual inspections were completed on 100% of the above bail link extensions, (2) pins and (2) nuts. The bail extensions were gauged for wear.

Based on the inspections, it is our opinion that the units are safe to operate within their capacity when used in accordance with the manufacturers' specifications and/or industry standards.

In accordance with C.A.O.D.C. Recommended Practice 2.0, this certification is valid for a period of 1000 days, provided annual C.A.O.D.C. Level III inspections are completed. This certification is void if a unit is damaged structurally by either operation or handling.
